Questions & Answers about Our First Year "Baby Plans"

Q. Do I get to select my favorite poses?

A. Of course you do! Each time we photograph your baby, you will get a private viewing time for the "premier" showing of your photographs. All choices are completely your decision.

Q. Can I purchase additional portraits from each session?

A. Yes, once you have chosen the image or images for your "Baby Plan" most parents select an additional variety of poses for themselves and other family members. Because you are a member of our "Baby Plan" you also have a portrait credit built into your plan. This credit can be spent on wall portraits, gift prints or any of our additional portrait gift items. Any purchases made after you have used your credit will qualify for your members 30% discount.

Q. What are your hours?

A. We are open by appointment only every weekday from 9 am-5 pm. We are closed on Saturdays and Sundays to allow us to spend time with our family. This let's us give your baby 110% when we photograph your baby. You deserve our undivided attention and nothing less!

Q. What if I'm not happy with your studio?

A. We always guarantee our work. If you are ever unhappy we will gladly create additional poses or refund your money.

Q. What if my baby is older than 3 months and we have missed that session?

A. We have a special custom panel - just for you with 3 openings or the image box will contain 4 images from the sessions you can do. You won't be left behind.

Thank you for considering Santees to help you preserve these fleeting moments in your baby's first year. As a small personal photography studio we do have to limit the number of "Baby plans" we can accept, so that we can provide the time and attention each baby deserves.

We look forward to working for you and creating photographs that bring tears to your eyes. Again congratulations on your precious gift.

Warmly,
Randy & Michele Santee
